LOVE FOR NUMBERS

shared by Students & Parents

I used to be very scared of Maths but after just 10 classes of Vedic Maths@ALLEN IntelliBrain, I now feel confident while doing calculations. When I'm at the grocery store, I can calculate the bill and change, in seconds now.

Paridhi Agarwal | Student | Grade - 8

I used to think of Maths only in terms of simple day-to-day Calculations or my child's Test Scores. Thanks to ALLEN IntelliBrain Vedic Maths Classes, I have now realized that developing Maths Skills can actually improve focus, concentration & brain power.

Dr. Pawan Goel | Parent of Vara Goel, Grade - 6

After learning Vedic Maths, I can solve more sums in less time now. I'm sure I can get full marks in the Maths Exam this year and even win the Olympiads.

Ujjwal Kumar Jha | Student | Grade - 8
